

JAPS VICTORIOUS

Russia Begins to Realize the Strength of the Enemy.

MUKDEN TO BE DESERTED.

St. Petersburg Suffering from Anxiety and Suspense. Port Arthur More Isolated than Ever.

JAPS CAPTURE DA PASS.

St. Petersburg, September 29th.—It is officially announced that Da Pass, south of Mukden, held by the Russians was yesterday captured by the Japs after considerable fighting. The Russians fled toward Mukden.

THE PLUCKY JAPS.

New York, N. Y., September 29th.—The Japanese press is uncertain whether to regard the second Russian army as a second Baltic squadron, says the Times correspondent at Tokio, but it declares that at any rate since the responsibility for the prolongation of the war rests with Russia, Japan is prepared to continue the fight unflinchingly, confident of her ability always to place in the field a larger and stronger army than Russia.

RUSSIA SEES WHAT SHE IS UP AGAINST.

St. Petersburg, September 29th.—The Russ makes an intricate calculation of the Japs fighting strength from which it concludes that the Japanese have a reserve of 1,100,000 men upon which to draw to fill up their battalions lost in the field. It says that the critics have all along been deceived by the difference in the Japanese army on a war and on a peace footing and by the statistics of the able bodied men fitted to respond to a call for military service. Russia, the Russ says, must reckon on an effective foe over a million strong when organizing her forces to meet the Japanese in the far east.

MUKDEN WILL BE DESERTED.

London, September 30th.—A dearth of news from the armies in the far East continues. Reports from Russian sources tell of terrible ravages of disease in the Japanese armies. The Liao river is said to have been jammed abreast of Liao Yang in case that a flooded country may protect the left flank of the Japanese army threatening Mukden. In St. Petersburg it seems to be the impression that Gen. Kuropatkin will not make a stubborn fight for the possession of Mukden. Vladivostok has heard that the Port Arthur garrison is confident of being able to hold out at least three months longer.

LITTLE NEWS FROM THE FRONT.

St. Petersburg, September 29th.—The absence of the Emperor, who has gone to Odessa, is causing an even greater dearth of official news from the front than has been experienced here-to-fore. Communication with Mukden has been practically suspended and St. Petersburg is therefore suffering another period of anxiety and suspense, just when the intimation had been given that important developments were imminent between the armies of Kuropatkin and Oyama. Port Arthur is more isolated than ever and the only news from that place comes by way of Vladivostok. It contains however the hopeful intimation that the garrison is confident of being able to hold out until the first of the year.

JAP LOSSES REPORTED.

Vladivostok, September 29th.—Private reports from Port Arthur confirm reports of the loss of three Japanese torpedo boats and the damaging of a Japanese cruiser by coming in contact with Russian mines.

and

A NEW INDUSTRY

The Edmonton Brewing and Malting Company are adding a malting plant to their brewery, or rather, when the new buildings are completed the brewery will be a secondary consideration to the malt house. The malt house, which is in course of erection, 86 by 36 feet, of solid brick, the basement wall being 21 inches thick, and the walls of the upper storey 12 inches. The drying kiln occupies twenty feet at the north end of the building, and will contain a furnace, under an iron drying floor, and all the belongings that are required in the drying stage of the manufacture of malt. The kiln will occupy the full height of the building. The ground or grain-floor of the malt house will be of concrete, supported on brick pillars with earth filled in between, and will be at a height sufficient to protect against any outside dampness.

The height of the ground storey is 21 feet. This height is given to admit of the installment of the drum system of causing the barley to sprout, whereby the capacity of the building can be increased four fold. The present capacity of the growing floor is fifty bushels a day but with the drum system 200 bushels a day can be satisfactorily handled. It is the purpose of the company to increase the capacity by the introduction of the drum system as soon as the completion of the railway will give a wider market for the output. The building is being erected now so as to be ready in good time.

The upper floor of the malt house is divided into two sets of bins, one for the storage of barley and the other for malt. It is expected that the malt house will be ready for use in five weeks, and that it will be turning out malt for export about the first of December. It will, therefore, handle a part of this season's large and excellent barley crop. The capacity of the malt house is far beyond the requirements of the brewery operated by the company, or indeed of all the breweries in Alberta. The malt will be made almost entirely for export, and it is expected that an ample market will be found in British Columbia and along the new C.N.R. and G.T.P. lines in the Territories. Malt is barley prepared for brewing, and the making of malt these days is an entirely separate branch of the business

from brewing. At the present time the Company are importing their malt from Wisconsin.

The establishment of such a malting plant means a perceptible increase of inducement to the growth of barley in the district. A demand of fifty bushels a day, or later on of two hundred bushels, at the top market price, will be a consideration to farmers, and will, no doubt cause an increased acreage of Edmonton's best and surest crop to be grown. Six rowed barley is generally used for malt, although two rowed is preferred. The two rowed is worth from three to five cents a bushel more than the six rowed for malting purposes. But unless a quantity of the two rowed can be purchased it cannot be used, as the two kinds cannot be used together, in the making of malt. For malting purposes barley of whatever variety is preferred, which is free from frost, bright, plump, ripe and clean. Barley of this quality is of course worth several cents a bushel more than barley only suitable for feed purposes.

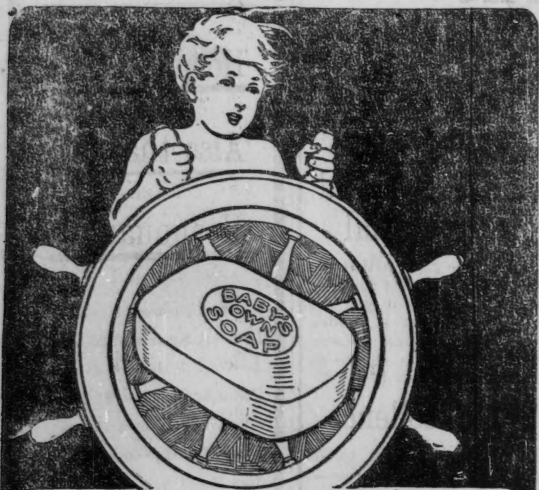

For the present season the company will not buy barley at the malt house as they have not the necessary facilities for handling and cleaning. They will buy through the elevators which have these facilities.

While entering upon the new industry of malting the company are also increasing the capacity and facilities of their brewing business by erecting a brick storage cellar, 30 by 40 feet. The walls are double, each nine inches, with a four inch air space between. The floor will be cement, and the ceiling twelve feet high. The cellar will have a capacity of 17,000 bushels. The upper storey of the building will be of wood with a ten foot ceiling and will be used for storing ice.

The present brewery buildings are of frame, with a total floor space of 70 by 115 feet. On the ground floor they include cold storage cellar, fermenting cellar, bottling room, brew house, engine room, boiler room, keg wash house and coal shed. The upper floor is partly occupied by the brew house, and the remainder is used for the storage of ice, malt and general supplies.

D. R. Ker, of Victoria, B.C., is the president of the company; R. Seord, M.L.A., is vice-president; T. W. Lines, Edmonton, managing director.

Pheary & Batson are contractors for the malt house, and cold storage cellar. The storage building will be completed in three weeks.

A Safe and Pleasant Course

The best way to keep a delicate skin soft, white, free from roughness and chapping, is to use

BABY'S OWN SOAP

Pure, Fragrant, Cleansing.

Soap is just as Good.

CO., Mfrs. MONTREAL.

Ross Bros., Limited.

This is the time to look after Your Stoves

Ross Bros., Limited have a very fine assortment of Heating Stoves, either for wood or coal, or for both, their stock now is large and still quite complete and if you are going to buy a new stove it would be better to do so early and thus have a better assortment to choose from

They have the newest things in stove trimmings and furniture and you can make no mistake in buying from them, their tinsmiths are first class and any work done by them is sure to please, so when you want a stove or any work done in connection with your stoves, go to Ross Bros., Limited

In Sporting Goods

Their stock is still well assorted and buying in such large quantities as they do, enables them to give you more for your money and better goods than you can get elsewhere

They have an immense stock of shot guns and rifles and you will be surprised to know how cheap they are.

In Their Plumbing and Steam Fitting Department

They employ only the best mechanics and their work and material is fully guaranteed. If you need anything in that line don't put it off too long, winter is getting very close and good plumbing work is done much better and cheaper in mild weather.

Ross Bros. Ltd.

FOOT BALL CLUB

The young men of the Edmonton High school met in the school room on Thursday, September 29 for the purpose of organizing a football club. With Mr. Ellis as chairman, the meeting was called to order and the following officers were elected:

Hon. President, K. W. McKenzie.
President, Geo. E. Ellis.
Vice-president, Wolf Grant.
Sec.-treas., Walter Walker.
Captain, Clyde Sutherland.
Curator, H. Carter.

The school have now an organized football club, and are ready to win laurels for the E. H. S.

RIFLE ASSOCIATION

A few members went over to the range for practice on Wednesday afternoon. The following are the scores made:

	200	500	300 tie
W. S. Weeks	31	24	35-80
W. P. Graydon	28	26	24-78
H. B. Spratt	28	18	26-72
T. H. Whitelaw	23	23	22-68

Other members present did not complete the three ranges owing to darkness.

The match between the members of the old and new associations for the benefit of the Public Hospital will be shot on Saturday afternoon beginning at two o'clock, but will not interfere with the regular practice.

The following compose the teams:
Old Association—Messrs. W. Pearce, J. F. Forbes, H. B. Spratt, J. A. Osborne, W. S. Robertson, and J. McDonald.

The New Association—P. McNaughton, S. S. Brown, W. E. Heist, W. L. Gibbard, W. S. Weeks, and G. A. Reid.

As Mr. Pearce's eyes are under treatment by an oculist at present he may be unable to take part, in which case another will be substituted for him.

The enlistment of the lads in the association last year is bearing fruit as is evidenced by the score put on by Willie Graydon as shown above, one of which an old marksmen might be proud.

VISITING EDMONTON

Collingwood Schrieber, deputy minister of railways and canals, and party arrived in Edmonton last evening their private car being brought over from Strathcona. Mr. Schrieber is at present on a trip of inspection of railways throughout the West. He came up as far as Carstairs on Wednesday, and had a day's shooting in that district. His mission to Edmonton is to look over the E.Y. & P. line and to examine the proposed Canadian Northern Railway crossing at Fort Saskatchewan.

In the party are Mr. and Mrs. Schrieber, Mrs. J. M. Lay, daughter of Mr. Schrieber, and who formerly lived in Edmonton; Miss Cremonie, a niece of Mrs. Schrieber; and Mr. Hogg, manager of the Imperial Bank at Calgary. Mr. Lay, who is manager of the Imperial Bank at Nelson, was unable to accompany the party.

Fall Millinery Opening

This event will be signalized this season with a display of unusual attractiveness. The patterns shown present a harmony of color, combination and a perfection of style that will appeal most strongly to every lover of the beautiful. No trouble has been spared on our part in procuring the most fashionable goods, from the world's greatest fashion centre, and as we have been successful in retaining the services of Miss Elmer, a most skilled and practical milliner, we feel confident that we are putting before our lady patrons as fine an assortment of high-grade millinery as can be seen in Edmonton.

Opening Wed. and Thurs. October 5th and 6th
MRS. M. T. MONTGOMERY

ALL ARE cordially INVITED

The R.N.W.M.P. drove the party to Fort Saskatchewan to-day. They will be guests at the hospital ball this evening.

Winnipeg Markets

Commercial:

Wheat.—Manitoba wheat has been rather dull during the week. The delay in new wheat moving restricts trade. From the 1st inst. to date only 497 cars of wheat have passed Winnipeg, compared to 1554 cars for the same period last year. Exporters are scarcely doing anything yet the price holding rather above the export. Demand from the milling trade is good. With good increase in movement prices must come to export level, but the weather is far from favorable for completing harvest and getting ahead of threshing. This delays movement and also is making more or less no grade wheat. Prices show a decline of around 4c on the week, and to-day are \$1.01 3-4 1 northern, 98 3-4c 2 northern, 93-1-2c, 3 northern, 82c No. 4 wheat, 55c feed wheat, and 40c No. 2 feed, spot, September or first half of October delivery. On the option market prices close October \$1.01 3-8c, December, 98 7-8c, May \$1.03 1-2c. All prices are in store at Fort William and Port Arthur.

The Law Works Well

Commercial:

Binder Twine Inspector for the Dominion J. L. Haycock, considers that the new act is working well. "The law with regard to binder twine," Mr. Haycock said, "is very explicit and very strict in certain respects. First, the name of the manufacturer, importer or dealer must be given on the ticket attached to each ball of twine. Second, the number of feet in the ball must be stated. Then, of course, in the third place, the actual length of the twine must agree with the length as stated."

In his tour of the West, Mr. Haycock found it necessary to have four dealers fined. In one case the twine was short; in two cases no attestation was made on the ticket as to the length of the ball, and in the fourth the name of the manufacturers did not appear. Of these four cases the trouble arose in three cases with twine left over from last year the conclusion from the fact being that the twine regulations are working out admirably and that less fraudulent twine is to be found this year than last. The four convictions paid into the Dominion exchequer fines to the amount of between twelve and fifteen hundred dollars, one man paying \$765.

"The twine dealers throughout the country," Mr. Haycock said, "are very much pleased with the results of the inspection. Inferior and fraudulent twines are driven from the market to the benefit of the honest dealer, and the honest manufacturer, as well as to the protection of the farmers."

Mr. Haycock is enthusiastic about the northern country, especially the Edmonton district, where the fall wheat this year is as fine as he ever saw in Ontario and where tomatoes ripened perfectly this year.

M. LECLERQ

THE MARKETS

Butter—There is a good demand for choice print butter at 20 cents a pound. The price paid ranges from 18 to 20 cents. At the present time the townspeople in many cases are getting in their winter supply of butter in crocks paying from 20 to 25 a pound for it. There is a splendid demand at all times for first-class butter in Edmonton.

Eggs—Eggs are scarce, and the demand is strong. From 17 to 20 cents a dozen is paid for good fresh eggs. Potatoes—Potatoes are offering in large quantities, and the merchants will not put in their winter stock for a month yet. The price paid ranges from 25 to 30 cents a bushel according to quality.

Powl—Fowl brings 8 cents a pound live. Spring chickens are in great demand, 10 cents a pound live, and 12 cents a pound dressed being paid.

Hogs—There is a first-class demand for hogs at from 4 to 4 1/2 cents a pound. Large quantities are being purchased for the local trade, as well as for shipping purposes.

Beef—Cattle are bought chiefly by the head. From 21 1/2 to 23 1/2 cents a pound is paid.

Hay—The price for hay is a little better this week, being from 5 to 7 dollars a ton. There is a large supply offering. Timothy hay brings 10 dollars a ton, but has to be ordered ahead as the farmers will not bring it in without having received an order for it.

Oats—From 26 to 30 cents a bushel is paid.

Dissolution of Partnership

NOTICE is hereby given that the partnership heretofore subsisting between us, the undersigned, Moses M. Brunelle, and William F. Studebaker of the town of Edmonton, as grocers has this day been dissolved by mutual consent.

All debts owing to the said partnership, are to be paid to William F. Studebaker, at Edmonton, aforesaid, and all claims against the said partnership are to be presented to the said William F. Studebaker, by whom the same will be settled.

Dated at Edmonton this 21st day of September, A.D. 1904.

M. M. BRUNELLE, W. F. STUDEBAKER

Witness—J. S. Cowan. 1-221-222-c

Dissolution of Partnership

NOTICE is hereby given that the partnership heretofore subsisting between us the undersigned John A. Appleby and M. J. Fitzgerald, both of the town of Edmonton, Alberta, as undertakers, has this day been dissolved by mutual consent.

All debts owing to the said partnership are to be paid to John A. Appleby at Edmonton aforesaid, and all claims against the said partnership are to be presented to the said John A. Appleby, by whom the same will be settled.

Dated at Edmonton this thirtieth day of August, A.D. 1904.

J. A. APPLEBY, M. J. FITZGERALD.

Witness—C. W. Cross.

Musical Education

Excellent training in Music can be obtained in Albert College, Edmonton. The College has a full staff of specially qualified teachers in the different departments of music associated with Mr. Percy S. Hook, musical director and instructor in piano and theory, are: Miss Beatrice Crawford teacher in piano, Miss Ethel Webster teacher of voice culture and singing and Miss Edith Webster teacher of violin. Also there is a department of elocution and physical culture under the direction of Miss K. A. Bellamy, diplomist Mount College, Toronto. There will be lectures, recitals, social meetings, etc. from which students will derive great benefit.

The business department is in full operation, day and night, classes, diplomas awarded in stenography and book-keeping.

The new building is on First Street. Business and music open now. Arts and Academic October 1st. Intending students should register as soon as possible. For fees and particulars apply to the

Battleford, Sept. 30.—Twelve rafts of timber and piles arrived here on September 28, and the crews went back to Fort Pitt for more. The whole outfit is below Victoria.

A SHORT SESSION

OF THE LEGISLATURE

Held yesterday. Bill to incorporate the Territorial Stock Growers Association gets first reading

Bulletin Special Dispatch.
Regina, Sept. 29.—Once again the session of the Legislature was short, and the work confined to the reading of bills, for the time, and the presenting of petitions.
The bill to incorporate the Alberta Club of Calgary, and the Territorial Stock Growers' Association received their first readings, and several minor petitions were presented.

ELECTIONS ON NOVEMBER 3rd.

The Parliament has been Dissolved and the Dominion Elections will take place on the Third of November. A short contest. Old Sir Richard will not be a Candidate.

Bulletin Special Dispatch.
Ottawa, Sept. 29.—The dissolution of the Dominion parliament took place at six o'clock yesterday evening. Nomination will take place on October 27, and polling on Thursday November 3, a week later. The campaign will not be a long one. All arrangements for the contest have been completed. Returning officers have been selected and writs have been prepared and ready to be forwarded. There are considerably more Liberals nominated than Conservatives of course. There were 213 members in the House just dissolved, and there will be 224 in the new House. There are over fifty more Liberals in the House than Conservatives.

The last parliament was closed on

NEWS OF THE WORLD

IN BRIEF PARAGRAPHS

Condensed Dispatches Dealing With the Day's Most Important Happings

Winnipeg, Sept. 30.

There were 170,000 acres home-staked during August.

Illinois parties purchased a large tract of land near Pierson.

Senator Hear, of Massachusetts, died at an early hour this morning

Two section men were killed and one seriously injured in a collision at Rennie.

Double tracking of the C.P.R. between Winnipeg and the lakes will likely begin next winter.

One million dollars is being spent in developing the Anthracite mines at Banff. The output at present is 200 tons per day.

The Dominion Parliament has been dissolved. Nominations will be made on Thursday, October 27, and elections a week later.

The half yearly meeting of the Grand Trunk Railway Co. was held in London yesterday and the annual report was read and adopted. A resolution was passed providing for the acquisition of the Canadian Atlantic.

Sir R. Cartwright has been appointed to the Dominion Senate, succeeding the late Hon. J. C. Aikins. Sir C. A. P. Pelletier leaves the senate for the Quebec bench, and is succeeded in the upper chamber by Justice Choquette.

November 7, and it has therefore been dissolved one year ahead of time. This has been found necessary because of the redistribution of seats by last session.

There are no two opinions here as to the result of the contest. Conservatives grant a Government majority of from twenty-five to thirty-five, and Liberals expect over fifty.

Sir Richard Cartwright will not run for the Commons. He goes to the Senate. Choquette retires from the bench and takes Sir C. A. P. Pelletier's place in the Senate. Pelletier succeeds Justice Routhier on the bench, and Routhier becomes chief justice in place of Osault, who retires.

Writs are made returnable on December 15.

TENDERS.
Sealed tenders will be received by the undersigned up to noon on Thursday, October 6, 1904, for the construction of a waterworks system for the town of Red Deer, Alta., according to plans and specifications made by A. E. Farneomb, C. E., of Red Deer.

Plans and specifications may be seen at the office of H. H. Gaetz, Post Office Block, Red Deer, or at the office of the Edmonton Bulletin.

The lowest or any tender not necessarily accepted. Tenders must be prepared to give satisfactory security for the proper completion of the work.
L. C. FULMER,
Secy.-Treasurer.

A FINE STRUCTURE

CANADIAN BANK OF COMMERCE

On Jasper Avenue is well on to completion. Ready for occupation December 15th

The brick and stone work of the new Canadian Bank of Commerce building on Jasper Avenue has all been completed, and now the plasterers are busy getting their part of the contract finished.

The appearance of the building is very striking. It is built of brick with Calgary stone trimmings. The whole front of the building is particularly handsome. Large square columns or pillars of artificial stone rise from the basement walls to the top of the building, forming the corners. Inside these two square columns, and rising to the full height of the building are two round columns of artificial stone. Two rounded columns of the same material rise on each side of the main entrance. These columns rest on square bases of the same material. The main entrance is very handsome, built as it is of stone. Across the main entrance and supported by pillars is a large flat stone on which is engraved the name of the bank—the Canadian Bank of Commerce. The building consists of basement, ground floor, first storey and attic. A large brick vault is built off the main building and opens both on to the ground floor and the basement. The lower portion will be used as a money vault and the upper as a money vault. The building will be heated throughout by hot water and will be lighted with electricity. The building is forty-three feet by fifty feet.

The height of the basement is nine feet. It has a cement floor. In the basement is a No. 8 Daisy boiler for heating purposes. The book vault opens on to the basement. The foundation walls of the building are built of rubble stone and the upper portion of rock faced ashlar. The basement window sills andlintels are rock faced.

The ground floor is well laid out. The major portion of it is taken up with the banking room, which is thirty-two feet by twenty-nine feet. The manager's office is in a room by itself to the left of the main entrance. Two doors with plate glass panels lead from the office part of the banking room and the other to the public part. The office will be handsomely papered and will have a fireplace. The public portion of the banking room will be paved with marble blocks. The money vault opens off the rear of the bank-

ing room. Seven large plate glass windows, three on the east side, two on the north and two on the west, afford splendid light. The walls of the banking room and of the hall will be covered with burlap to the height of the chair rail, and the walls of the vestibule to the under-side of the cornice will receive a similar treatment. The flat ceiling of the banking room, the walls above the chair rail, the ceiling of the vestibule and the halls will have a fine stucco finish. The other plaster work will be finished hard white. There will be moulded cornice work on the walls of the banking room and the manager's private office. The doors between the outer and inner vestibule and the banking rooms will have full length glass panels. The middle vestibule will be particularly well finished with an arched ceiling from which an electric light cluster will be suspended. A stairway leads from the ground floor to the first floor, and another to the attic.

The first storey will be occupied entirely by the staff. A pleasant room eighteen feet by fourteen feet, overlooks Jasper Avenue. It will be used as a sitting room for the staff and will have a fireplace. Besides this room on the first floor there are five bedrooms with the corresponding number of clothes closets. There is also a good sized bath room.

The upper front part of the roof will be laid with Spanish tiles. On it are three dormer windows to give light to the attic. They add much to the attractive appearance of the Jasper Avenue front of the building. The balance of the building is laid with rubberoid roofing. Moulded wooden cornice work runs along the top of the walls of the building.

The whole building is a very substantial one and has been constructed with a strict regard to all modern banking conveniences.

The contractors are May & Copp and the inspector is K. A. McLeod; the architects are Darling and Pearson, of Toronto.

Grandma

Here sits dear old Grandma in silk and old lace. We boast that no wrinkles disfigure her face: She's healthy and bright and I've oft heard her say: 'Tis because she has used Abbey's Salt every day.

No matter how hearty the old folk appear, their digestive organs are on the wane. The stomach and bowels are noticeably weaker. The liver often sluggish. Nature needs assistance.

ABBEY'S SALT is the tonic laxative to keep the old folk in healthful vigor. It is so mild—yet so effective—that it puts the stomach, bowels and liver in perfect order without the least discomfort.

Abbey's Effervescent Salt
Renews Youth in Old Age

LOCAL

Train on time.

—J. L. Ferrier has bought the water business of E. Ferry, and takes charge on Monday.

—Red Deer council are calling for tenders for the installation of a waterworks system in that town.

—Mrs. H. C. McDonald and Mrs. M. T. Montgomery will have their fall millinery openings on October 5 and 6.

—Leduc was visited by a slight hailstorm Wednesday, not sufficient to do any damage had there been any grain standing.

—The Robert Buchanan Spook Company will appear at the Edmonton Opera House for one week, commencing October 13.

—The regular rifle shooting takes place at the range to-morrow afternoon. In addition, the Old Timers vs Moderns will be shot.

—Vegreville Fair is being held to-day. This time next year Edmonton citizens may be able to attend Vegreville Fair by rail, via the C.N.R.

—The hospital ball takes place in the Thistle Rink this evening. The rink has been prettily decorated and very extensive preparations have been made to make the ball a great success.

—While two of our young nimrods were endeavoring to scare up partridges along Rat creek about a mile from the river yesterday afternoon they came face to face with a good sized black bear. The boys, armed as they were with 22 rifles suddenly remembered urgent business nearer Edmonton and Bruin was left to continue his ruminations undisturbed.

—A sad accident occurred near Red Deer on Saturday when little Hazel Trimble, aged two and a half years, daughter of Mr. and Mrs. A. Trimble lost her life by a fall off a wagon. The child was a great favorite with the workmen on the farm. She had begged for a ride on the load that one of the men was hauling down a slight hill. Just as the horses reached the foot of the hill they stopped suddenly and Hazel, with her little sister Gladys, who had also climbed into the wagon, slipped off behind the horses' feet. The driver managed to get Gladys up before she was injured, but when Hazel was picked up she was already dead. Death had been instantaneous from a blow on the temple.

PERSONAL

T. R. Glanville and C. W. Gaetz, of Leduc, arrived in the city last night.

Rev. D. G. McQueen, has been attending a synod meeting in Calgary this week.

Mrs. (Rev.) J. A. McDougall returned to Calgary last night from a visit to Edmonton.

Mr. and Mrs. Pagore left this morning to spend the winter at St. Albans, Vermont.

J. S. Macdonald, of Qu'Appelle, superintendent of Government telegraphs, is in the city to-day.

CLOSE SEASON FOR WHITE FISH

Wednesday next is the first day of the close season for whitefish. It continues until November 15 in all districts north of the Saskatchewan river, and until the 15th of December in all places south of the Saskatchewan.

HOMEWOOD

Bulletin Correspondence.

The people of Salisbury and the surrounding country met last Sunday in Homewood Presbyterian church to listen for the last time to Mr. Hay, who leaves shortly to resume his studies at Winnipeg College. Homewood congregation has steadily increased under the ministry of Mr. Hay, and his services have been much appreciated as shown by the large audiences which have listened to him from Sabbath to Sabbath. This, his last service was very largely attended. The sermon based upon the text, 1 Tim. 11-8, showed marked ability which has characterized all Mr. Hay's discourses. It is with the deepest regret that the people of Homewood part with Mr. Hay, for during his stay here he has proven himself one well fitted for the calling which he has chosen. In leaving Mr. Hay carries away the well wishes of all for success which will undoubtedly crown his future work.

ADDRESS AND SOCIAL

There was a good attendance at All Saints' school room last night when Rev. H. A. Gray delivered a short address. He spoke principally on different lines of church work, enlarging on and explaining each. At the close of the address refreshments were served.

HOTEL ARRIVALS

Thursday.
